

# Fall 2016 Career Fair

 ☐ ☐ ☐ ☐ ☐

## Aetna - Information Technology

Working at Aetna is about more than just doing a job. We have an opportunity to reshape health care for America and across the globe. And we are actively seeking new talent to accomplish this goal. As a Fortune 100 company, we are committed to developing young IT professionals into future leaders through our early-in-career development programs. These programs offer extensive learning opportunities and other benefits, such as area-specific training and access to a wide network of mentors and professionals. We are guided by a strong set of core values. As we develop solutions to improve the quality and affordability of health care, we are committed to integrity and excellence.

## United States Postal Service

The United States Postal Service's "Management Foundations Program" is an 18 month long full time paid rotation program. After the 18 month program, the individual will be placed into a professional position outside the program. If they are meeting goals and expectations they can receive a merit and position increase after 12 months and 18 months as they leave the program. The career entry program allows a bridge from college to a full time career. It is a developmental program that allows professional growth through mentoring relationships. The program consists of a cohort of approximately 30 other individuals in business units across the organization. This allows a great way to network and learn from others similar to them. The program also provides executive support and exposure.
